

# MHF 2024 HEAL Michigan Summary

*Vision: People of Michigan will have transparent health policy and free exercise of their market rights by 2028.*

## Michigan Healthcare Freedom Mission

Few Americans control their own healthcare dollars, and bureaucratic firewalls in Michigan government compound waste, fraud, and abuse.

State transparency reform is within reach for the first time, due to pressure from federal reforms and budget cuts. That will only increase in coming months.

The people of Michigan have a right to transparent health policy, and to freely exercise their economic voice in healthcare.

HEAL Michigan makes the case for state transparency, and equips citizens with real information to engage state legislators and secure healthcare freedoms.

Member reviews:

MHF is definitely filling a need in our medical community. Community Forum is excellent.

... the best when it comes to information we need about our healthcare community.

... countless hours to benefit many who are simply too overwhelmed to do the footwork.

Excellent, insightful articles that keep voters informed!
